

**Primary Care or Internal  
Medicine:** Patient Volume  
Data Requested for Evaluation  
of In-Office Mammography  
Services

## **Total active female patients age 40+ seen in the last 12 months:**

### **DETAILS**

- at least 1 visit in the last 12 months
- only include unique patient counts; do not count duplicate patient visits or insurance plans\*
- if there are multiple locations, patient counts should be separated by location

**\*Example: If Jane Doe visited the practice 3x in the last 12 months, she should be counted as 1 patient in the report.**
